PROFILE

Enthusiastic and adaptable junior web developer with a background in problem-solving and creative thinking.
Strong ability to learn new technologies and apply them in practical settings.
Experience in fast-paced, high-pressure environments, bringing a collaborative and solution-oriented mindset.
Passionate about continuous growth and development, with a strong interest in Dev-ops.

EXPERINCE/SKILLS

RELATED I.T Experience:
Utilized Next.js with typescript and MongoDB to build a dynamic, easily updateable personal portfolio (In progress).
Experience with Git and GitHub for version control, branching, and collaboration, through individual and team-based school projects.
Developed a personal links launchpad app for a web application programming class using ASP.NET, EF Core, MySQL, and Bootstrap, featuring user authentication, a custom API, and an admin interface.

PROFESSIONAL SKILLS:
Leadership & Mentorship: *Guided teams and mentored junior cooks, fostering growth and collaboration.*
Problem-Solving: *Thrived in high-pressure environments, resolving challenges with adaptability and clear communication.*
Project Management: *Planned and executed large-scale events, ensuring seamless operations under tight deadlines.*
Team Collaboration: *Worked effectively with diverse teams, including civilian and military personnel, to achieve shared goals.*

WORK EXPERIENCE:
GS-FOS-5 Cook, DND – CFB Halifax
Jan 2019 - Sept 2023

Sous Chef, Durty Nelly's
March 2015- Jan 2019
